This is a preliminary plat, so they'll be coming back to you. There is one sewer line they'll be putting in across the back of the property. We're extending to the south edge of it along the back and then they'll be extending it up north. It'll be coming back to you, but staff has no objections.

Motion carries 4 for; 0 against; 2 absent (Perez, Bieri).

Robert Baldwin of Gulf Coast Auto Park:

This question came up when we were going to do some additional paving for our new car inventory and our trade-in inventory and our customer paid repair work, so the area we are going to pave is not open to the public. It certainly could be visible by the public, but it's not up front, it's in the back. It's more like a storage yard. In fact, around the one in Sugarland, we're going to have a 6ft cyclone type fence with slats in it, so it seemed to me a little overreaching to landscape a parking lot in the back that's not open to the public, where the public is not supposed to go. Now on the front, I'm all in on landscaping, just like you landscape the front of your house. I want my place to look nice, be attractive, friendly, a place you want to come to; but this is in the back and it's for service cars and new and pre-owned inventory and like I said, not open to the public. I felt like the way the current ordinance is written is not quite fair.

**Motion by Commissioner Munson to close the Public Hearing;
Second by Commissioner Hernandez.**

Motion carries 4 for; 0 against; 2 absent (Perez, Bieri).

- 7.) Discussion and Possible Action on AN ORDINANCE OF THE CITY OF ANGLETON, TEXAS, AMENDING THE ZONING ORDINANCE BY CHANGING THE LANDSCAPE REQUIREMENTS OF SECTION 28-102 AND RELATED ILLUSTRATIONS IN SECTION 28-114 OF THE CODE OF ORDINANCES FOR THE CITY OF ANGLETON; PROVIDING FOR A PENALTY NOT TO EXCEED \$2,000 FOR EACH AND EVERY OFFENSE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR PUBLICATION AND AN EFFECTIVE DATE.

Michael Stoldt, City Manager, explained that the current ordinance is onerous and many new businesses that come in are having difficulty interpreting the ordinance and there are many parts in the ordinance that are contradictory.

Michael Stoldt, City Manager:

We want an ordinance that anybody can pick up and read and say, "I understand what I have to do", without going to a landscape architect and paying a lot of money. So this was re-written and it changed two guidelines.

Michael Stoldt, City Manager, outlines the changes to the guidelines.

Bill Garwood, Chairperson:

So how does the proposal affect what Mr. Baldwin wants to do with simply storing cars in the back?

Michael Stoldt:

Actually, he had me put in something and I think it's a good addition. There's a statement in here that says if you're building a new parking lot and you have to plant 5 trees, you don't have to plant them in the new parking lot. He can plant those 5 trees someplace else where they're more visible from the public street. In my mind, it would be more important for the City to have the front of buildings, the parts that's visible most often to the public, landscaped, and not so much in an old parking lot or new parking lot that's sitting in the back and do nothing to the front. So this gives businesses a lot more flexibility with where they plant trees. If it's an expansion and they don't have any landscaping up front and they would rather have it up front to beautify the building, they can.

So, I think it still requires some minimum standards that I think will continue to make the city more beautiful. It's certainly easier for developers to understand what's required of them. It's much easier for staff to explain what's required of them. It's just a simpler, better regulation than the one we have now.

One of the things that I did that's a big change in this is it said large trees, large shade trees, but it never defined what a large shade tree is very well. It referred you to this national publication that's like a hundred and fifty pages long. I looked at Pearland; I looked at Lake Jackson, Alvin. All of them actually listed trees, rather than sending you to some publications; it said here are the trees that are allowed. So, this has been changed so you don't have to go someplace else to figure out what tree you're allowed to plant, you can take it right off that list. And, it gives the building official authority – if a couple of oaks are stated there, and there are many different types of oak trees, and they come in and say, "I want to plant this type of oak tree", she can say that's ok, as long as it meets that minimum height requirement.

If somebody wants to plant a tree that's not on the list, they don't have to go to the board of adjustments and get a variance... it's simple council action. Just go to council and say, "can we plant this tree?", and they can say yes and you're done.

Bill Garwood, Chairman:
Mr. Baldwin, does the proposal adequately address your concerns?

Mr. Baldwin:
Yes.

**Motion by Commissioner Munson to recommend approval of the amendments to the Landscape Requirements of Section 28-102 in the Zoning Ordinance;
Second by Commissioner Hernandez.**

Motion carries 4 for; 0 against; 2 absent (Perez, Bieri).

8.) Adjourn.

**Motion by Commissioner Munson to adjourn;
Second by Commissioner Hernandez.**

Motion carries 4 for; 0 against; 2 absent (Perez, Bieri).

Re: Second Re-Plat of Reserve "A" Texian Subdivision

Dear Mr. Ward:

During the regular public meeting of the Angleton Drainage District on December 8, 2015, the Board of Supervisors unanimously approved the second replat of the Texian Subdivision.

As presented in this second re-plat, Commercial Reserve "A" is being subdivided from its original plat into Lots 1, Lot A1 and Lot A2.

If any structures are added to this site in the future, a subsequent review by the Angleton Drainage District will be required to ensure there are no adverse impacts to adjacent landowners.

Approval of this replat of Texian Subdivision in no way represents that Texian Subdivision has complied with any federal, state, county or other law, statute, procedure or requirement of any type beyond the approval of the replat approved, with the stipulations listed in this letter, if any, by the District.

Should you have any questions regarding this matter, please contact the Angleton Drainage District at 979.849.2414, Monday through Thursday, 7:00 a.m. to 5:30 p.m.

Sincerely,

A handwritten signature in cursive script that reads "David B. Spoor".
