**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** The IRS has created a page on [www.irs.gov/w9](http://www.irs.gov/w9) for information about Form W-9, at [www.irs.gov/w9](http://www.irs.gov/w9). Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

**Purpose of Form**

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

**Note.** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

## Unique Qualifications

### Marketing and Networking

- SGR's 10 in 10 Update on Leadership and Innovation e-newsletter, where all executive searches conducted by SGR are announced, reaches over 75,000 subscribers.
- SGR has a database of over 4,300 city/county management professionals.
- SGR has formal collaborative partnerships with Maryland Municipal League, Ohio City/County Management Association, Missouri Municipal League, Oklahoma Municipal League, National Public Employers Labor Relations Association, Emerging Leaders in Local Government, City Management Association of Oklahoma, and Texas Fire Chiefs Association.
- SGR trains approximately 800 local government employees each month in live training classes.
- SGR has almost 300 local government clients in 41 states for our recruitment, training, and leadership development business lines combined.

Each executive recruiter has many years of experience in local government and a national network of relationships. The entire executive search group works as a team to leverage their networks to assist with each search. SGR team members are active on a national basis, in both local government organization and professional associations. Many SGR team members frequently speak and write on issues of interest to local government executives. Only SGR can work all of the relevant networks as a peer and insider, resulting in better recruitment, better investigation, better intelligence, better information, and better final decisions.

### Comprehensive Needs Assessment

SGR's executive recruiting services are unequalled. Our role is to find the candidate who is the best match for your organization. SGR devotes a tremendous amount of energy to understanding your organization's unique culture, environment, and local issues to ensure a great "fit" from values, philosophy, and management style perspectives.

Finding qualified candidates is not difficult; the hard part is finding qualified candidates who are the right fit for your organization. A leading edge candidate and a safe harbor candidate often look the same on paper, but will have profoundly different impacts on your organization.

### Accessibility

Your executive recruiter is accessible at all times throughout the search process and can be reached by candidates or clients, even at night and on weekends, by cell phone or email.

### Responsive to You

If a problem arises, or you have questions, you can count on SGR staff to be available, prepared, and prompt.

**Trust of Candidates**

SGR has a track record of remarkable confidentiality and providing wise counsel to candidates and next generation leaders; we have earned their trust. As a result, SGR is typically able to get exceptional prospects to become candidates, even if they have declined to become involved in other search processes, because candidates trust SGR to assess the situation well, communicate honestly and bluntly, and maintain their confidentiality.

**Listening to Your Unique Needs**

SGR is more interested in listening than in talking. Some firms depend on their tried and true stable of reliable candidates. These firms do not really need to listen to the client because the search will result in the same list of finalists, no matter the type of information they receive from the client. SGR devotes tremendous energy to actively listening to your organization and helping you define and articulate your needs. SGR does not just go through the motions and then provide you with a list of qualified names from a stable of regulars. We work hard to conduct a comprehensive search that is unique to you.

**Recorded Online Interviews with Candidates**

SGR's unique online recorded interview process allows the search committee to see candidates in an interview setting prior to the finalist stage of the search process, and without having to pay travel expenses.

**Comprehensive Media Reports**

One of the worst things that can happen for your organization is to be surprised by undisclosed information about a finalist, especially if the surprise comes in the form of a newspaper article that is found by your critics. SGR has never had a client embarrassed by surprises about a candidate. SGR produces a comprehensive media search report on each finalist candidate. Each Media Report is compiled from information gathered using our proprietary online search process. This is not an automated process, and produces far superior results than a standard Google search which is typically utilized by other search firms. The report length may be as long as 350 pages per candidate and may include news articles, links to video interviews, blog posts by residents, etc. No other firm provides such comprehensive media reports.

**Comprehensive Background Investigation Reports**

SGR provides the most comprehensive background investigations in the industry, and we are the only search firm to use a licensed private investigation firm for these services.

**Psychometric Assessments**

SGR uses the DISC Management psychometric assessment to provide a detailed understanding of how candidates will lead and manage an organization. The psychometric assessment report also provides valuable information regarding candidates' strengths and weaknesses.

**Recruitment Videos**

SGR offers the option of developing a custom video recruitment ad for posting on YouTube and linking to the video in other media sources. A sample SGR recruitment video for the City of Owasso, Oklahoma, can be viewed at <http://bit.ly/OwassoOKCM>.

**Equal Opportunity Commitment**

SGR strongly believes in equal opportunity. SGR does not discriminate and is careful to follow both the letter and the spirit of laws regarding equal employment opportunities and non-discrimination. More importantly, however, SGR believes that equal opportunity is an ethical issue. SGR quite simply will not enter into an engagement with an entity or organization that directs, or expects, that bias should, or will be, demonstrated on any basis other than those factors that have a bearing on the ability of the candidate to do the job. You can anticipate that SGR will make a serious and sincere effort to include qualified women and minority candidates in the finalist pool. Although SGR obviously cannot, and would not, guarantee the makeup of the finalist group, SGR does have relationships and contacts nationwide to encourage the meaningful participation of women and minority candidates.

**Value**

For a variety of reasons that are detailed in this proposal, SGR will provide the most cost-effective executive search for your city. Some firms low ball their price, and make up for it by reducing the amount of time they commit, or charging extra for additional time required. SGR gives you a fixed price, and we are with you until the end of the process regardless of how many hours are required.

**Emerging Leaders**

SGR has a unique and unparalleled reputation of engaging and mentoring emerging leaders and young professionals. We will utilize our frequent personal interaction with emerging leaders, as well as our entire team's social media networks, to market this position and to identify potential applicants.

**Five Way Guarantee**

SGR provides the strongest guarantee in the industry.

1. Our price is our price. You will never be charged an additional fee because we need to come to another meeting or spend extra time.
2. You always have 24/7 cell phone and email access to the executive recruiter and SGR's CEO.
3. If you do not find the right candidate, we will start the process over with no additional professional fees.
4. If we place a candidate, that we have fully vetted, who stays less than two years, we will conduct the search again with no additional professional fees.
5. If we place a candidate with you, we will not directly solicit them for another job.

## **Key Personnel for this Project**

### **Mike Tanner, Senior Vice President**

Mike Tanner became part of the SGR team in October 2013. He has 35 years of Texas municipal government experience. During 31 of those years, Mike served as the city manager of Portland, West University Place, Flower Mound, Universal City and Ingleside.

He is recognized for the practice of governance, strategic planning, growth management, organizational development and customer service.

Mike received his BA from the University of Texas in 1976 and his MPA from Southwest Texas State University in 1978.

### **Ron Holifield, CEO**

Ron Holifield is the Founder and CEO of SGR. He previously served as Assistant City Manager in Plano, Texas as well as City Manager in Garland, DeSoto, Farmersville and Sundown, and on the City Manager's staff in Lubbock.

In 1996, he left city management and purchased Government Relations Specialists which he grew into the 49th largest lobby firm in Texas, before selling it to an employee. In 1999, Ron founded Strategic Government Resources to specialize in facilitating collaboration among local governments, with a particular emphasis in employee training and development of next generation leaders.

He has grown SGR into the largest private sector training company that specializes in leadership, management and customer service for local governments in the nation. He is a frequent speaker at state and national conferences and remains high profile in the city management profession.

## **Step 1: Organizational Inquiry and Analysis**

---

In the Organizational Inquiry and Analysis Stage, SGR devotes tremendous energy to understanding your organization's unique culture, environment, and goals to ensure you get the right match for your particular needs.

### **Outline Project Plan and Timeline**

SGR will meet with the client at the outset of the project to finalize the search plans and timeline. At this time, SGR will also request that the client provide additional information about the community, organization, and position. Information requested will include general information and available resources about the community, school district, economic vitality, political leadership, organization, strategic plan, governing body goals and objectives, budget information, major projects, job description, salary range, benefits package, etc.

### **Individual Interviews with Search Committee and Key Personnel (if desired)**

Fully understanding your organizational needs is the most critical part of conducting a successful executive search. SGR conducts individual interviews with the Search Committee, key staff, and/or direct reports to find out more about the position, special considerations, and the political environment. These interviews last approximately 30 minutes to one hour each and identify individual issues that may affect the dynamics of the search, as well as develop a composite understanding of the organization's preferences. This process helps with organizational buy-in and will assist us in developing the Position Profile as we look for any significant staff issues or major disconnects that may not otherwise be apparent.

### **Development of Position Profile Brochure**

Following the individual interviews and internal analysis, SGR will develop a draft Position Profile Brochure that is reviewed and revised in partnership with your organization until everyone agrees it accurately reflects the sought-after leadership and management characteristics. A sample brochure is included with this proposal document.

## **Step 2: Advertising and Recruitment**

---

The Advertising and Recruitment stage includes ad placement, email distribution of the Position Profile, responding to inquiries about the position, and ongoing communication with applicants and prospects.

### **Ad Placement/ Social Media and Marketing of Position**

The Executive Recruiter and client work together, to determine the best ways to advertise and recruit for the position. Ads are typically placed in various state and national publications, targeting the most effective venues for reaching qualified candidates for that particular position.

SGR's preferred strategy is to rely on email distribution of the Position Profile brochure to key opinion leaders and potential prospects across the country. The position will be announced in our "10 in 10" e-newsletter, which reaches over 75,000 local government professionals, in

addition to a targeted email announcement to specific professional categories and/or areas of the country. By utilizing an email distribution strategy, these brochures tend to “get legs” of their own, resulting in a very high penetration rate at minimal cost.

SGR will utilize Facebook, Twitter, personal phone calls, personal emails, and LinkedIn to promote the position. This communication is both to solicit high potential candidates and to encourage key local government professionals to share information within their professional circles.

#### **Recruitment Video**

SGR offers the option of developing a custom video recruitment ad, which can be posted on YouTube and linked to other media sources. It is estimated that job postings with video icons are viewed 12 percent more than traditional job postings, and that the job application rate increases by an average of 34 percent when video is added. A sample SGR recruitment video for the City of Owasso, Oklahoma, can be viewed at: <http://bit.ly/OwassoOKCM>.

#### **Ongoing Communication with Applicants and Prospects**

SGR communicates with all applicants on a frequent and ongoing basis to ensure applicants stay enthusiastic about the opportunity. Outstanding prospects often will not submit a resume until they have done considerable homework on the available position. A significant number of inquiries will be made, and it is essential that the executive search firm be prepared to answer those questions with fast, accurate, and complete information, and in a warm and personal manner. This is one of the first places a prospective candidate will develop an impression about organization, and it is an area in which SGR excels. SGR also utilizes Google Alerts for each client organization and provide updates to our Executive Recruiters and applicants of any references made regarding the client organization in various media outlets.

### **Step 3: Initial Screening and Review**

---

This stage of the executive search involves managing the flow of resumes, and screening and evaluating resumes.

#### **Management of Applications**

Handling the flow of resumes is an ongoing and significant process. On the front end, it involves tracking resumes and promptly acknowledging their receipt. It also involves timely and personal responses to any questions or inquiries.

#### **Evaluation and Triage of Resumes**

SGR uses a triage process to identify high probability, medium probability, and low probability candidates. The triage ranking is focused on overall assessment based on interaction with the applicant, qualifications, any known issues regarding previous work experience, and evaluation of cultural fit with the organization.

In contrast with the triage process described above, which focuses on subjective assessment of the resumes and how the candidates present themselves, we also evaluate each candidate to

make sure that the minimum requirements of the position are met, and which of the preferred requirements are met. This sifting process assesses how well candidates' applications fulfill the recruitment criteria outlined in the Position Profile.

#### **Search Committee Briefing / Selection of Semifinalist Candidates**

At this briefing, SGR will provide a comprehensive progress report via PowerPoint presentation and will facilitate the selection of approximately 8 semifinalists. The presentation will include summary information on the process so far, the candidate pool overall, and any trends or issues that have arisen, as well as a briefing on each candidate and their credentials. No other firm offers this level of reporting detail and transparency.

#### **Step 4: Evaluation of Semifinalist Candidates**

---

Reviewing resumes is an important and valuable step in the executive search process. However, the simple fact is that resumes can be misleading. They tell you nothing about the individual's personal qualities or his/her ability to get along with other people. Resumes can also exaggerate or inflate accomplishments or experience. SGR's responsibility is to go more in-depth than the resume to ensure that those candidates who continue in the process are truly outstanding.

#### **Personal Interaction with Semifinalist Candidates**

SGR's goal is to have a clear understanding of the person behind the resume and what makes him/her an outstanding prospect for you. The evaluation of semifinalist candidates includes follow-up by phone when appropriate to ask any questions about underlying issues.

#### **Written Questionnaire**

SGR will ask semifinalist candidates to complete a comprehensive written exercise designed to provide greater insight into candidate thought processes and communication styles. SGR's written instrument is custom-designed around the priorities identified by the Search Committee and usually includes about 20 questions focusing on 5-6 key areas of particular interest to the client. This written instrument will be included with the semifinalist briefing book with the cover letters and resumes.

#### **Recorded Online Interviews**

SGR offers recorded online videos of candidates answering pre-recorded questions. This provides a very insightful, efficient and cost effective way to gain additional insights to utilize in selecting finalists you want to come in for live interviews. The online interviews allow the Search Committee to evaluate technological competence, demeanor, verbal communication skills, and on-camera presence. Online interviews also convey to candidates that the organization is using leading edge technology in its business processes and provide an opportunity for the Search Committee to ask candidates questions on specific topics of special interest. Online interviews are emailed to the Search Committee for viewing prior to selection of finalist candidates.

### **Media Search Stage 1**

Stage 1 of our media search involves a comprehensive review of all newspaper articles on the candidate in major news outlets within the previous two years. These media reports at the semifinalist stage have proven helpful by uncovering issues that were not previously disclosed by prospective candidates. The Executive Recruiter will communicate any “red flags” to the Search Committee immediately upon discovery.

### **Search Committee Briefing / Selection of Finalist Candidates**

Prior to this briefing, SGR will provide each member of the Search Committee with a briefing book on the semifinalist candidates. The briefing book will include written questionnaires, online interviews, and any additional information obtained about the candidate. The purpose of this briefing is to facilitate narrowing the list to 4 finalists who will be invited for personal interviews.

### **Step 5: Evaluation of Finalist Candidates**

---

Once the finalists have been selected, SGR will coordinate with you to schedule interviews.

### **Comprehensive Media Search Stage 2**

These Stage 2 Media Reports are compiled by utilizing our proprietary media search process including variations of the candidates’ names and states/cities in which they have lived or worked, and searches of local papers where the candidates have lived or worked. We also search social media sites. The Media Reports typically range from 20-300 pages per candidate and may include news articles, links to video interviews, blog posts by residents, etc. The Media Reports are put into an easy-to-read format and recorded onto flash drives for the Search Committee. The candidate’s name is highlighted each time it appears.

These media reports have proven helpful to Search Committees by uncovering issues that were not previously disclosed by candidates and that would likely not have been discovered through an automated search or Google search, typically used by other search firms. The Media Reports also give the Search Committee an overview of the type and extent of press coverage that a candidate has experienced over the course of his/her career.

### **Comprehensive Background Investigation Reports**

Through SGR’s partnership with FirstCheck, a licensed private investigations company, we are able to provide our clients with comprehensive background screening reports that include detailed information such as:

- Social Security number trace
- Address history
- Driving history/motor vehicle records
- Credit report
- Federal criminal search
- National criminal search
- County wants and warrants

- Global homeland security search
- Sex offender registry search
- State criminal search (for current and previous states of residence)
- County criminal search (for every county in which candidate has lived or worked)
- County civil search (for every county in which the candidate has lived or worked)
- Education verification

A sample Background Investigation Report is included with this proposal document.

### **Assessments (DiSC and I-OPT)**

It is critical for you to know as much as you can about your new executive before hiring him/her. Historically, employers have depended upon resumes, references, and interviews as sources of information for making hiring decisions. In practice, these sources have often proved inadequate for consistently selecting successful employees. The use of assessments has become essential for employers who want to place the right people in the right positions.

SGR uses a DiSC Management assessment tool, which is among the most validated and reliable personal assessment tools available. The DiSC Management Profile analyzes and reports comprehensively on the candidate's preferences in five vital areas: management style, directing and delegating, motivation, development of others, and working with his/her own manager.

The I-OPT Assessment is a tool that measure how a person perceives and processes information. How someone perceives and processes information has a profound impact on what motivates a person, how a person sees an issue, and how that person interacts with others on team projects. Understanding one's own I-OPT Profile makes it possible to be more self-aware. Understanding another's I-OPT Profile helps predict how he or she will approach any given situation. (In a City Manager search, this will include I-OPT reports of the finalist candidates, direct reports, and city council. In department head searches, this will include I-OPT reports of the finalist candidates, City Manager, Assistant City Manager, peer department heads, and direct reports.)

### **Press Release (if desired)**

Until you have "sealed the deal," you need to be cautious in order to avoid the embarrassment of a premature announcement that does not work out. You also want to try to notify all senior staff and unsuccessful candidates before they read about it in the newspaper. SGR will assist with this coordination and with drafting any announcements or press releases.

### **Stakeholder Engagement (if desired)**

At the discretion of the Search Committee, we will work closely with your organization to engage stakeholders in the recruitment process. Our recommendation is that we design a specific stakeholder engagement process after we learn more about the organization and the community. Different approaches work best in different communities. Below is an array of options we have used in the past, but we will collaborate with your organization to determine

which option, or combination of options, will be the most effective for the unique needs of the organization.

- Interviewing community leaders at the outset of the search;
- Holding a public forum for citizen engagement at the outset of the search;
- Facilitating a Q&A series in the local newspaper with finalist candidates. This would run a week or two prior to the interviews;
- Utilize a citizen committee to conduct the early stage candidate screening and then turn over a semifinalist list to the City Council;
- Community leader reception;
- Meet and greet;
- Search Committee and key community leader dinner meeting;
- “Round Robin” forum meetings with various community groups during a multi-day interview process; and,
- Site visits by citizen committee members to the finalist candidates’ communities to report back.

### **Step 6: Interview Process**

---

Once the finalists have been selected, SGR will coordinate with you to schedule interviews.

#### **First Year Game Plan (if desired)**

“First Year Game Plan” process where finalist candidates are provided with elected official, key staff, and community leader contact information, and the candidates are given free rein to make contact with all of them in advance and use those insights to develop a “first year game plan” based on what they know so far. Feedback is received from the key contacts on their impressions of the finalist candidates from the interactions with the candidates prior to the interviews. This exercise provides the opportunity to evaluate candidates’ written and interpersonal communication skills, as well as critical analysis skills.

#### **Conduct Interviews**

SGR will schedule interviews at a date/time convenient to your organization. This process can be as simple, or as complex, as your organization desires. SGR will help you determine the specifics you need. SGR will prepare sample interview questions and will participate throughout the process to make it smooth and efficient.

#### **Deliberations**

At this meeting, SGR will facilitate a discussion about the finalist interviews and assist the Search Committee in making a decision on whether to bring back one or more candidates for a second interview.

#### **Reference Checks**

Our reference checks are the most comprehensive in the industry. We place very little confidence on the references provided by the candidates since those can be expected to be biased. Instead, we will typically talk to as many as 20 professional contacts for a given

candidate including elected officials, direct supervisors, direct reports, internal organizational peers, professional peers in other organizations, civic leaders, and media representatives. We always seek out the candidate's greatest critics and greatest fans to ensure a complete, yet balanced, perspective and overview of each candidate.

### **Step 7: Negotiations and Hiring Process**

---

Once the organization is ready to make an offer, SGR can provide additional assistance to the client in the following areas.

#### **Determine the Terms of an Offer**

Upon request, SGR will provide comparative data for selected organizations, appropriate employment agreement language, and other similar information to assist you in determining an appropriate offer to extend to your candidate of choice.

#### **Negotiate Terms and Conditions of Employment**

SGR will assist to whatever degree you deem appropriate in conducting negotiations with the chosen candidate. SGR will determine and define any special needs or concerns of the chosen candidate, including anything that could be a complicating factor. SGR is experienced and prepared to help craft win-win-solutions to negotiation "log-jams."

#### **Transition Strategy**

There are a variety of transition issues when hiring a new executive. SGR will brief the client on transition issues that need to be addressed and will provide a recommendation on what actions to take. Together, we will create a transition strategy that builds the foundation for a successful long-term relationship.

### **Step 8: Post-Hire Team Building Analysis (supplemental service)**

---

SGR can provide a customized team building workshop after you hire for the position. SGR utilizes I-OPT, which is a validated measurement tool that shows how a person perceives and processes information. Because people "see" different things when they assess a situation, they are motivated to take various courses of action, so understanding you and your colleagues' I-OPT Profiles will enable you to work much more effectively as a team. Price is \$4,000 for a half-day onsite workshop, plus travel expenses, and \$150 per person for I-OPT reports (if not previously completed as part of the search process), which include Individual Analysis Report, Emotional Impact Management Report, Change Management Report, and Team Management Report. Two-Person Reports can be ordered for an additional fee of \$50 per report.

## Unsolicited Feedback Regarding SGR's Performance

December 2012: “Your firm and employees have a level of caring and customer service our organization aspires to. You have made excellence of product and service the standard for your firm. You guys are one of very few firms (maybe the only one I know of) that has made superior customer service its everyday standard to the point where even great customer service would be a letdown.”

September 2012: “I have really enjoyed being able to participate in the recruitment process to date. I was especially intrigued with the use of online interview technology...I also really like the way you’ve organized the First Year Game Plan exercise. It’s a really neat way for the candidates, city staff and council members to get to know one another better before the formal interviews take place.”

September 2012: “Like many in the city manager profession, I have experienced and participated in a number of different search processes as a candidate as well as employer. The search process for the [client] City Manager position was my first experience with a search conducted by SGR. Without question, your process was the most thorough search I have experienced in 25 years and dozens of searches. As a candidate, I felt the process challenged me to be extremely well-informed about the position and the community. In addition, all SGR representatives provided me with accurate, timely and complete information throughout the search process. Congratulations and thank you!”

June 2012: “Again, I want to THANK YOU and your staff I have had the pleasure to work with. There definitely is a reason you are swamped with searches. The “Golden Rule” is serving SGR well. Please know that [staff members] have all been great and they have certainly helped me through this transition.”

## *City of Alvin* City Manager Position Profile

### *The Community*

Situated 12 miles southeast of Houston and less than 40 miles from both Galveston and Port Freeport, Alvin is a community that is proud of its history and committed to preserving its heritage and uniqueness as a town on the edge of the nation's fourth largest Metropolitan Statistical Area (MSA). Alvin juxtaposes big city conveniences with the quaintness and history of a close-knit community. With abundant local amenities and easy access to downtown Houston and Houston Hobby International Airport, it is apparent why approximately 25,000 residents call Alvin home.

Boasting a cowtown heritage, Alvin's humble beginnings date to 1845 when the first family settled in what is now known as Alvin. The area prospered from the cattle and railroad industries and the city was incorporated in 1893. In the early 1900s, Alvin began cultivating strawberries, oranges, pears, figs and the Cape Jasmine flower. By the 1930s the city had also discovered oil which still remains a viable industry in the contemporary Alvin economy.

Alvin residents enjoy an excellent quality of life and an array of recreational, cultural, and social amenities. Alvin's proximity to Galveston Island and Surfside Beach provides abundant opportunities for fishing, surfing, boating, birding, and shopping. Museums, historic sites such as the Alvin Depot, the traditional downtown area, and the Nolan Ryan Exhibit Center offer residents and visitors a glimpse into Alvin's vibrant history. Froberg's Farm offers guests the opportunity to experience a family tradition of growing and selling vegetables and fruit, and Shimek's Garden showcases a variety of beautiful flowers and scenery. Alvin also offers 14 parks, golf courses, annual festivals, a hike and bike trail, and local antique shops for residents and visitors to enjoy.

City Manager Search

## II. MERITS OF PROPOSAL, WORK PLAN AND SCHEDULE

### A. Approach and Work Plan

Our approach and style are interactive. That is, we form a partnership with our client to conduct

a project. The City of Angleton will benefit through ease of implementation and by gaining more in-depth knowledge of executive search and management consulting techniques and expertise.

We recommend a seven (7)-step search process as follows:

- **Position Analysis** — We will define work relationships, job qualifications and requirements for the position — the "Position Profile".
- **Recruitment Process** — We will recruit regionally and nationally for the position and network to locate qualified candidates.
- **Resume Review** — We will identify qualified candidates.
- **Candidate Screening** — We will thoroughly screen prospective candidates.
- **Background Investigation** — We will thoroughly evaluate prospective candidates.
- **Interview Process** — We will make recommendations and assist in selection.
- **Negotiation and Follow-up** — We will facilitate employment and follow-up to ensure complete integrity of the process.

### **1. Position Analysis**

We will have extensive consultation with the City Council, other City staff and local leaders selected by them, as well as other individuals or groups (if you wish) to determine the City's vision/mission, goals and objectives, the needs and issues, requirements of the job, and to obtain information about the environment within which the position functions. In addition, we will spend a considerable amount of time at the beginning of the process in the City of Angleton in order to determine the level of experience and training needed.

During this process, we will initiate individual interviews with the City Council, citizen organizations, department heads and key staff, and others of your choice to identify expectations, perceptions, and concerns regarding the position.

Based on those meetings, we will prepare a draft position profile and review it with the City Council in order to arrive at a general agreement regarding the specifications for the position. The final position profile will include information about the City of Angleton, the community, major issues to be faced, the position, and the selection criteria established.

### **2. Recruitment Process**

Because we have recently completed similar searches, we will first review our database to determine those candidates whom we may already know and/or already have on file who may meet the City's specifications.

Although this process is valuable, we will rely most heavily on our own contacts in the city manager field and on our own experience. In other words, through "networking", we will conduct a nation-wide professional search for the best qualified candidates and invite them to apply for the position.

We will provide the City Council with several advertising alternatives with varying degrees of cost and their associated benefits. Based on our discussions with the City Council, we will place ads in professional journals, online at appropriate websites, and in various minority and women's publications to encourage applicants to apply.

### **3. Resume Review**

We will review and analyze each applicant's background and experience against the position description criteria. We will acknowledge all resumes received and keep candidates informed of their status.

### **4. Candidate Screening**

Criteria for the preliminary screening will be contained in the approved "Recruitment Profile". They may include such items as education, technical knowledge, experience, accomplishments, management style, personal traits, etc. Screening of candidates against those criteria will be based on data contained in the resumes and other data provided by the candidates and on our knowledge of the organizations in which they work. At this stage, each must meet the minimum qualifications specified in the Recruitment Profile.

We will be responsible for screening the applications received. This initial screening will be conducted by telephone and/or interactive video with the prospective candidate. We will conduct interviews with references who may know the candidate's background and expertise by telephone. Where feasible, we will also conduct personal interviews with top candidates.

Once the initial screening is completed, we will select the prospective candidates who most closely match the criteria established by the City Council. The output of this step in the process will be a matrix display of the top candidates showing how each rates against the selection criteria established by the City Council. This matrix will be reviewed with the City Council in one-on-one meetings and guidance obtained prior to proceeding. One contingency here is that the City Council may not approve of any of the candidates. If that should occur, we would, of course, keep searching until the City of Angleton's needs are clearly met.

After review by the City Council, we will personally interview each using various interview techniques. We will closely examine their experience, qualifications and achievements in view of the selection criteria and our professional expertise in evaluating the quality of such qualifications and achievements.

We also request that all candidates provide us, in writing, substantial information about their accomplishments and their management style and philosophy. This information will be verified and, at the City Council's option, may be further tested by having the finalists complete management and leadership style inventories. We interpret these instruments for the City Council, as well.

## **5. Background Investigations**

As part of our process in evaluating top candidates, we make detailed and extensive reference checks. In conducting these, it is our practice to speak directly to individuals who are now or have previously been in a position to evaluate the candidates' job performance.

We ask each candidate to provide us with a large number of references. We then network these references to other persons who know the candidate. In this way, we thoroughly evaluate each candidate. We have talked to as many as 23 references concerning a single finalist candidate. These references and evaluations are combined to provide frank and objective appraisals of the top candidates. We also verify past employment difficulties, if any, including reasonable due diligence on any legal action filed against current or former employers.

As part of our evaluation process, we verify undergraduate and graduate college degrees. We arrange for credit checks, criminal checks, and, as an additional option, can arrange for psychological (or similar) testing of the candidates that may be desired. As a part of this project we can provide the results of a Teleometrics Management Style Inventory on the finalist candidates. We can also conduct a Myers-Briggs analysis of the team with the new team member for team building purposes. (These may be extra cost items.) We will recommend background investigation criteria to the City Council which will make the final decision on the specifics of the background check.

## **6. Interview Process**

Based on the preceding steps, a recommended list of finalists for the position of City Manager will be compiled. We will prepare a written summary on each finalist. The information will cover, but not be limited to, 1) present position, 2) total years experience, 3) salary requirements, 4) education, 5) previous positions held, 6) notable projects, 7) management style, 8) skills and abilities, 9) interests, and 10) professional goals.

This information will be presented to the City Council in a detailed written format combined with the results of the background investigation and candidate screening. We will make a recommendation on a group of five (5) to seven (7) finalists. The City Council shall make the final decision on which and how many candidates will be interviewed.

Our report will be presented in a meeting with the City Council in which we will discuss our recommendations and provide background information, sample questions and a rating form for the interviews. We can also assist the City Council at no extra charge in conducting targeted selection and/or simulation processes with finalists, if desired. In particular, we will explain which, if any, of the applicants specifically meet the total criteria established by the City Council or whether the final group simply represents the best available talent.

We will also provide the City Council with our recommendations relative to timing,

sequencing, location, setting, format, and conduct of interviews with the finalists. We will provide information about trends in employment, employment contracts and agreements, relocation expenses, perquisites, appropriate role for spouses, receptions, etc. We will arrange schedules for top candidate interviews with the City Council and will coordinate the process.

#### **7. Negotiation and Follow-up**

We will also assist in the negotiation process relative to salary, benefits and other conditions of employment. We feel that we can be especially helpful because we have proposed a fixed fee rather than one based on a percentage of salary. One contingency here is that an agreement may not be able to be arranged. If that is the case, we will work with the City Council to select an alternate candidate.

We will properly handle any and all media relations. Unless otherwise directed, it is our standard practice to tell all media that we are working on behalf of the City Council and that any public statement should come directly from the City Council. We will maintain confidentiality of candidate information, to the degree possible, under Texas law.

Finally, we will notify by letter all unsuccessful candidates who were not recommended for interview with the City Council of the final decision reached. We suggest, however, that it is more proper for the City Council to directly notify all unsuccessful candidates whom they interviewed of the final result.

Once the new City Manager has been on board for 30 days or so, we will conduct a session with the City Council and with the new City Manager in order to establish mutual performance criteria and goals for the position. In this regard, we will work with the City Council to define the role of the new City Manager within the City of Angleton.

We will follow-up periodically with the City Council and the new City Manager during the first year in order to make any adjustments that may be necessary.

We will keep the City Council closely informed and involved in decisions concerning the search process at all times. We will prepare and send to the City Council weekly e-mail updates and a formal progress report at the mid-point of the search. These reports will contain a progress report on the recruitment and specific steps to be taken to meet the City Council's deadlines and an itemization of expenses incurred-to-date and expected to be incurred during each succeeding project step.

Support from the City Council will be needed, as follows:

- Arranging interviews with the City Council and key City staff
- Providing budget, organization charts and other documents
- Place of contact for the search

Processing invoices for payment

## B. Project Schedule

Our search process normally takes about 90 to 120 days from date of approval of the Position Profile by the client. The more time we have, within reason, of course, the more effectively we can conduct thorough evaluation and background checks on finalist candidates.

## **III. COST OF SERVICE**

### **A. Per Item Cost Breakdown and Total Cost**

Our fee for the services outlined is \$16,500 plus not-to-exceed expenses of \$8,000. Because our

firm is conducting other work in the area we will discount the \$16,500 fee for the search by \$1,500 so that the fee to conduct this search will be \$15,000 and discount the expenses by \$2,500 so that the **total cost for the project will be \$20,500.** Items typical of a similar search with their typical costs are broken down as follows:

Position Analysis .....	\$ 2,000
Outreach Campaign .....	2,000
Resume Review .....	1,750
Candidate Screening .....	4,500
Background Investigation .....	4,750
Interview Process .....	1,000
Negotiation and Follow-up .....	<u>500</u>
<b>TOTAL FEE .....</b>	<b>\$16,500</b>
<b>DISCOUNT ON SEARCH .....</b>	<b>\$1,500</b>
<b>TOTAL FEE FOR SEARCH .....</b>	<b>\$15,000</b>

#### **B. Cost Schedule Itemizing Reimbursable Expenses**

Expenses, not-to-exceed out-of-pocket in the amount of \$5,500.00, are for consultant travel (2 trips to client), lodging and per diem, telephone, correspondence (mailing, overnighting), advertising, research, sourcing, reference and background investigation, data assemblage and distribution, and report preparation. Because these figures vary we can just give a rough estimate of the costs involved for each: 2 trips to client at \$1,500; lodging and per diem at \$500; telephone costs at \$400; correspondence at \$150; advertising at \$1,700 approximately; research at \$25 per hour times hours needed; sourcing at \$25 per hour times hours needed; reference and background investigation at \$150 per candidate for the report preparation plus costs of degree verification and costs of credit, criminal and motor vehicle verifications; data assemblage and distribution at \$25 per hour times hours needed. These estimates are the approximate ceiling amounts.

#### **C. Per Item Cost Breakdown on Additional Activities**

Teleometrics Management Style Inventory on the finalist candidates is included in the fee to conduct the search. Myers-Briggs Type Inventory on the finalists would cost \$25 per finalist candidate.

#### **D. Number of Meetings in Angleton in Total Cost**

The number of meetings in Angleton contemplated in the expenses is two (2). This could be reduced by active use of the internet, interactive video (like Skype, GoToMeeting), teleconferencing, and email.

### **E. Additional Costs**

There are no additional costs unless agreed to by both parties prior to the expenditure being used. The total cost to conduct this search would be \$20,500.

We will submit regular invoices for fees and expenses. It is our practice to bill one-third at the start of the search, one-third upon delivery of the semi-finalist application materials, and one-third upon delivery of the Final Report (Interview Guide with candidate information). Each invoice is due and payable upon receipt for professional services. Expenses will be billed monthly in addition and shown as a separate figure.

We will comply with all applicable laws, rules and regulations of federal, state and local government entities.

Our ability to carry out the work required will be heavily dependent upon our past experience in providing similar services to others, and we expect to continue such work in the future.
