REQUESTED BY: Mosley Momie, Property Owner

Application, GIS map, site plan

Executive Summary:

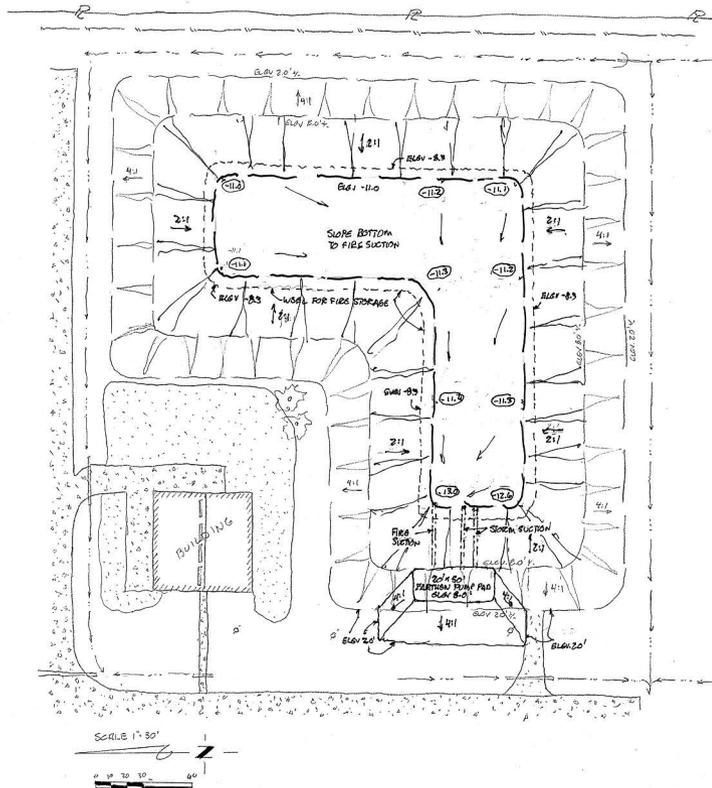

Mr. Momie purchased this property with the intent of starting a used car sales business. He will have a modular sales building on site. Current screening requirements would require Mr. Momie to completely fence around all adjacent single family zones. The Angleton Drainage District does not want a fence on the rear portion of the property because it would cause difficulty or impossibility in mowing and getting service vehicles to Brushy Bayou.

Staff recommends approval.

REQUESTED BY: Dane Dupuis, Property Owner

Attachments: (Attachment description)
Application, GIS map, site plan

Executive Summary:

Mr. Dupuis purchased this property with the intent of putting two metal buildings for a small industrial park. He was originally going to place three buildings on the property, but with parking requirements he had to cut it back to two. There is a roadway, Southridge Drive, that was never developed – but since it is there, the sideyard setback becomes 25 feet versus 10 feet. This will hinder Mr. Dupuis from putting the size of buildings that he needs on the property in order to run a successful business.
