EXECUTIVE SUMMARY: Keep Angleton Beautiful has asked staff to determine ways to eliminate pink donation bins around town that cause blight when each box reaches max capacity. Code enforcement staff has worked towards removing these bins as each overflow but it has remained an issue for years. Since other local and regional donation opportunities are available, like Women’s Center Morning Glory Resale Shop, St. Thomas Center, SPCA Thrift Shop and Goodwill, staff contacted the City Attorney and asked they draft a donation bin ordinance that prohibits donation bins in Angleton.

ATTACHMENTS (Attachment description): Donation Bin Ordinance Draft 3.12.20

RECOMMENDATION: Staff recommends Keep Angleton Beautiful approve the draft of the Donation Bin Ordinance and provide a recommendation to City Council to adopt.

ARTICLE _____. DONATION COLLECTION BINS

Sec. _____. Definitions.

The following words, terms and phrases, when used in this subdivision, shall have the meanings ascribed to them in this section except where the context clearly indicates a different meaning:

Building official means the city's building official or his designee.

Donation collection bin means a box, bin, container, trailer, accessory structure or similar facility, which is:

- (1) Located outside of an enclosed building;
- (2) Used or intended to be used for the collection of donated materials, including household goods and clothing, and not used exclusively for the collection of recyclables such as paper or plastic; and
- (3) Not manned with personnel to accept donations when delivered during business hours.

Operator means any person who owns, operates or is otherwise in control of a donation collection bin located in the city.

Sec. _____. Prohibition.

- (a) No person shall place, operate or maintain a donation collection bin in the city on or after April 14, 2020.
- (b) No person shall allow the placement of a donation collection bin on property owned or leased by him after June 26, 2020.

Sec. _____. Notice.

If a donation collection bin is within the city limits on or after June 26, 2020 the building official shall send notice by first class and certified mail to the last known address of the owner of the property as recorded in the appraisal records of the appraisal district in which the property is located and, if conspicuously noted on the donation collection bin, to the operator to the address noted on the donation collection bin. A notice shall also be posted on the donation collection bin. A notice which the United States Postal Service returns as refused or unclaimed shall not affect the validity of the notice. Such notice shall be sufficient if it generally describes the location of the donation collection bin, gives notice that the donation collection bins are prohibited within the corporate limits of the city, advises that the donation collection bin must be removed within 30 days after the date of such notice, and specifies that failure to timely remove the donation collection bin will result in removal by the city and the assessment of a charge against the operator. Notwithstanding the above, if prompt abatement is a public necessity, this subsection and the notice procedures contained in this subsection shall not apply.

Sec. _____. Abatement.

If after the 30 days specified in the notice elapses and a donation collection bin remains within the city limits, the building official without further notice may remove or cause to have removed the donation collection bin and its contents and properly dispose of them as solid waste.

Sec. _____. Costs.

If a donation collection bin is removed by the city, the operator will be charged the actual costs of such removal plus an administrative charge of \$100.00 per donation collection bin.

Sec. _____. Enforcement.

The building official shall enforce the provisions of this article and is authorized to promulgate such rules and regulations necessary for the implementation and administration of this section.

EXECUTIVE SUMMARY: A few years ago the City recognized the need for City Council and the senior staff team to engage in a deliberate, thoughtful and strategic approach to City planning and priority-setting. Accordingly, in 2018, the Azimuth Group, Inc. (AGI) was retained by the City to support the planning, facilitation, and documentation of an intensive strategic planning workshop. From various collaborative brainstorming exercises, a total of nine common, strategic themes, or goals, emerged as the most important for the City of Angleton’s future. One of those strategic themes was to Enhance the Local Economy. Strategic objectives, or tasks, that were identified under this strategic theme included: defining and marketing a compelling Angleton brand, attracting new commercial development and supporting quality residential growth.

For the past several years, Keep Angleton Beautiful board saved funds to afford the City an opportunity to design new gateways that encourage motorists to come into the city limits. Developing a city brand was an integral part of developing city gateways and tied into the City’s adopted strategic plan. A new brand includes a logo, font, material, color, etc. that can be applied to various mediums. Angleton is a small nurturing community, but growth is imminent. A new brand should help to tell that “story”.

Staff budgeted for city branding and a gateway master plan in fiscal year 2019-2020 and as a result, Clark Condon, a Houston based landscape architectural firm, was selected to design a new City Brand and develop a Gateway Master Plan. Clark Condon is, also, the company who was hired to design Lakeside Park. To ensure new branding would be incorporated in the park design, staff kicked off branding exercises in July 2019 with the Lakeside Park Taskforce which included: Scott Albert, Megan Mainer, Lane Antenen, Bonnie McDaniel, Tina Goa, Terry Novak, Bill Ahlstrom, Tracy Delesandri, Daveyon Edwards, Gerry Mosqueda, Michelle Townsend and Jason Perez. Many of these individuals represented various boards including Keep Angleton Beautiful, Parks Board, ABLC and City Council.

On December 12, 2019, Clark Condon presented three designs and received input from the Lakeside Taskforce and Keep Angleton Beautiful board members. Positive comments were the given regarding the tag line, form of Concept 1 and color scheme of Concept 2.

On February 4, 2020, Clark Condon representatives and City of Angleton staff held a Town Hall meeting to present three designs that helped tell Angleton's story with words mentioned from residents including: forward motion, modern thinking, dynamic, aspirational, a nod to the past, positioned for the future, new life and a nurturing community. Based on public input, Keep Angleton Beautiful recommended Concept 3 be eliminated from consideration and revisions to Concept 2 be developed.

On March 9, 2020, staff welcomed residents to attend a Keep Angleton Beautiful board meeting to provide input regarding two final designs. Subsequently, Keep Angleton Beautiful board provided a recommendation that Option 2A be the new City Brand.

On April 17, 2020, Staff published a survey on Facebook, sent a direct email various City Boards and Commissions and posted the survey link on the city website. The online survey will available through end of May on Facebook and online on the Parks & Recreation Project Update webpage.

Staff plans to hold two public hearings followed by City Council recommendation this summer.

City Council requested City Branding be discussed at the May 12, 2020 City Council meeting so direction could be provided to staff. Some KAB board members expressed the desire to write City Council individually, or collectively, to voice their input.
